This two day course is awarded 16 PDU points by PMI®

Overview

**This course uses accelerated learning techniques.
An intensive exam preparation course of 16 hours training over two days,
presented by an expert Project Manager, who is also an expert trainer.**

This course will assist you in finding and documenting the gaps in your knowledge, so you can leave the class knowing exactly what you know, and exactly what you need to work on prior to sitting for the exam.

By the end of this course you will:

- Have the latest information from over 15 years of experience helping thousands of project managers pass the exam
- Develop a strategy for dealing with situational questions
- Have learned “what you don’t know”
- Develop a personalised study plan to help reduce your follow on study time significantly
- Be so close to passing the exam!

Benefits of Attendance

Do you realize that knowing how to approach a question on the PMP® exam could be as important as having the project management knowledge behind it?

This accelerated learning course is designed to help you prepare for the PMP® Exam—and gain the most understanding of project management with the least amount of study. Originally developed by Rita Mulcahy of RMC Project Management, Inc. This course is designed to decrease your after-class study time from hundreds of hours to less than forty.

Unique features of this course include games, exercises, case studies, and other tools to help you understand—NOT MEMORIZE—the concepts necessary to pass the PMP® exam.

Did you know there are many common traps and pitfalls within the PMP® exam that can be avoided with a little practice? Would it surprise you to hear that there are as many as eight recurring mistakes that people make when taking the PMP® exam? Being aware of the strategy behind passing the PMP® exam is critical, and can be the difference between a failing score and earning your PMP® certification.

About RMC Project Management, Inc.

Founded by Rita Mulcahy in 1991, RMC Project Management is the worldwide innovator in project management training and professional development. Over the last 15 years, tens of thousands of project managers in over 40 countries have utilized one of RMC’s professional development resources, classes or e-Learning courses to expand their project management knowledge and further their careers. Today, RMC offers a wide range of innovative classes and products for beginning project managers, advanced PMs, and project managers seeking an internationally-recognized certification.

Course Materials

As Authorised Product Distributors for RMC Project Management, this course includes the entire PMP® Exam Prep System worth 300 Euro as part of the course materials.

This includes Rita Mulcahy's PMP® Exam Prep book, PM FASTrack® Exam Simulation Software and Hot Topics Flashcards. The book includes hundreds of pages of detailed review materials including coverage of material not in the PMBOK®, sample exams, exercises and activities.

Designed to simulate the actual exam in every detail, PM FASTrack® PMP® Exam Simulation Software was created with the assistance of a psychometrician (just like the actual exam). The program's database of 1,400+ questions allows you to take exams by knowledge area, process group or keyword/concept.

All questions are cross-referenced with the PMP® Exam Prep textbook, so you can quickly and easily go back and work on your weak areas. Why be surprised when you take the actual exam? Find your gaps before the exam finds them for you.

Course Topics

This course includes extensive reviews of sample exam questions taken from the PM FASTrack® Simulation Software. These will be used to discuss the correct tactics to employ and also to reinforce the tricks that work when selecting the most correct responses.

- Why is taking the exam important?
